

EC GROW

EC GROW manufactures a complete line of fertilizers and ice melting products. We service the professional turf and ornamental markets and retail merchandisers through branded and private labeled products sold only through distributors. We have been developing strong business partnerships with our customers for more than 70 years.

Our computerized production and manufacturing is done in state-of-the-art facilities. Allowing us to produce high quality products and guarantees a precise product that performs as promised.

Our professional sales team is experienced, understands the needs of today's market, and is a dependable source for professional recommendations and the highest quality products.
