WE WELCOME YOU AS OUR NEW CUSTOMER!

For convenience sake, we would like to be able to set up a charge account for you with our company. In order to do this, we first need a credit application completed. We would appreciate you taking a little time now to complete the enclosed forms and return them to us as soon as possible. However, if you are only interested in having a cash account with us, please check the box below showing us your intent and return the form W-9 only. The W-9 allows us to set up an account for you which enables you to qualify for patronage dividends on your purchases made from us.

If you have any questions regarding the credit application, please contact the Credit Department in Durand.

We thank you for giving this your prompt attention!
