

## The Complete Turnkey Solution

Trient's electrical converting capabilities only represent one facet of the entire product life cycle. From initial product engineering through order fulfillment and distribution, Trient can truly be your one-stop shop.

This turnkey approach extends to even the packaging and warehousing of product. Through a JIT/Kan Ban inventory management system, we are able to provide faster turn time, reduce obsolescence, lower overall cost and eliminate excess overhead.

## The Trient Philosophy

As a LEAN, vertically-integrated manufacturer and converter, it is Trient's mission to continue being a leader of innovation and a preferred supplier in North America.

Trient insists on leveraging the latest state-of-the-art equipment processes with the greatest emphasis on the quality of our employees. The Trient team is committed to supplying products and services that not only meet, but exceed our customers' expectations.

Trient provides the following capabilities:

**ELECTRONIC-MEDICAL-INDUSTRIAL CONVERTING  
CONTRACT ASSEMBLY | CONTRACT PACKAGING  
WAREHOUSING, FULFILLMENT AND DISTRIBUTION**
