Lennox Elite™ Collection

G61MP 95% AFUE 2-stage

Lennox is pleased to announce the addition of three **NEW G61** two-stage residential gas furnace models that are loaded with dealer and consumer features, some of which are noted below.

With two-stages of heat, consumers will appreciate the longer run times and a more even temperature provided. Couple comfort with the lower utility bills provided by 95% efficiency. These models represent broadened opportunities for high efficient furnaces which qualify for the **Federal Tax Credit**, in the Lennox furnace family of products.

The **G61MP** furnace incorporates the following outstanding features:

- **AFUE 95% in every installed position**
- **Energy Star® qualified**
- **Two-Stages of heat**
- **Multi-position**
- **Advanced diagnostics with direct readout**
- **Flush mount cased coils**
- **Vent connection right or left side**
- **External condensate trap**
- **Silicon Nitride igniter**
- **DuraLok Plus™ heat exchangers**
- **Left or right gas & electrical connection**
- **Side or Bottom Return**
- **Meets California Nox standards**
- **Natural or LP fuel**
- **High altitude**
- **Multi-speed blower motor**

Models Available

Model Number	Catalog Number
G61MP-36B-071	54W51
G61MP-60C-091	54W52
G61MP-60C-111	54W53

The 95% G61 models broaden the federal tax credit participating furnace families available from Lennox. Dealers will now have 95% AFUE models in DLSC, Elite 2 and the Elite product families

For additional information you will find digital copies of support documentation including:

- Color consumer piece
- 95% AFUE merchandiser.
- EHB
