LEADERS IN COW COMFORT

Fiberglass Gate (Make-A-Gate)

J&D Manufacturing, the leader in cow comfort, has launched the next generation of gates. J&D's Fiberglass Gate utilizes high impact fiberglass with a specially developed composite to offer you numerous benefits and features ensuring years of maintenance-free service, even in the harshest weather and moisture conditions. Backed by our one year replace or repair warranty.

Finally
a gate that
will never
rust,
rot,
or corrode!

Features

Specially Developed Composite

- Creates a splinter-free surface
- Smooth, non-porous, easy to clean and sanitize
- Uniform bright yellow coloring for easy visibility
- UV inhibitors added

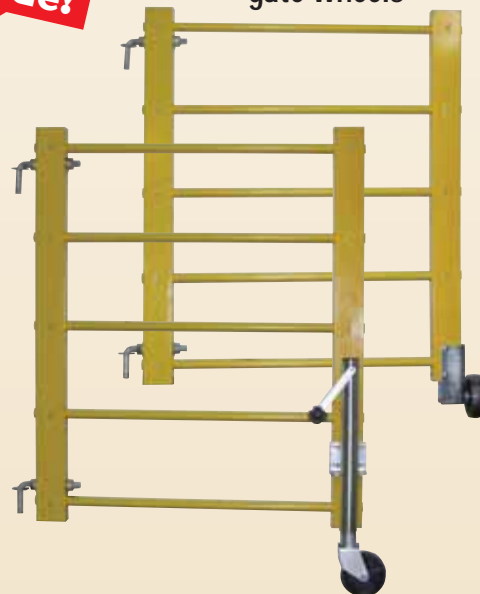

High Impact Strength Fiberglass

- Resists denting and creasing
- Retains its shape even after heavy flexing
- Long life, will not rust, rot, or corrode
- Maintenance-free
- Uniform dimensions and appearance

Easy to Assemble, Modify, and Stock

- Pre-drilled holes and standard diameter support dimensions
- Quick and easy assembly (approximately 10 minutes per gate)
- Easy hinge adjusting after mounting
- No welding
- Round up to the nearest 2' increment and trim to YOUR needs on the job site
- Easy to stock gates and components allow for quick access to high demands and individual needs
