Gate Hinge Pins & Pocket Mounts

J&D Manufacturing is your Gate Accessory Headquarters!

Our custom mounting options give you the flexibility you need when installing your steel or fiberglass gates. All hinge pocket mounts are designed to fit our standard HGF150 hinge pins. The HGF150 hinge pins have a heavy $\frac{7}{8}$ thread and can be fully adjusted AFTER installing your gates.

Features:

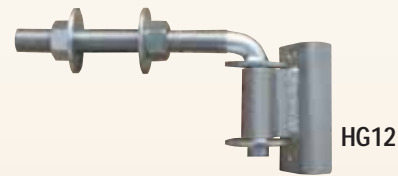

- Hot dip galvanized for long life
- No restrictions for weight or length of gate
- Quick and easy installation
- Bolt on or weld on mounts
- Flat or round surface mounts
- Hinge pockets for 1 $\frac{5}{8}$ ", 1.9" and 4" post
- Sold in pairs
