Calf Condo

NEW!

Features

- Easy to install, maintain, clean, and adjust
- Up-post with 3 adjustable gate height positions to grow with your calf
- Design helps reduce spreading of disease
- Galvanized pail divider reduces cross contamination from bucket to bucket
- Gate opens 90° for easy in and out on the 48" model
- High quality PVC divider walls with PVC end caps
- Gate has one adjustable headlock and one free access opening
- Optional bottle holder
- Optional bedding saver
- Optional tie bar and bottom support bar for increased stability in a free standing installation

What can we say? **Easy, Easy, Easy!!!** The J&D Calf Condos are Easy to install, Easy to clean, and Easy to transform from single penning to group penning.

Easy to Install! Just set the up-posts, install the rear mounting channels, slide in the panels and drop in the gate.

Easy to Clean! Spend less time and money cleaning your calf condos. Just slide out the side panels and use your skid steer to clean them.

Easy to Group! Grouping your calves is simple to do. Just remove the plastic divider wall to group two or more calves together. This managed rate of contact will lower the total strain and anxiety on all of your animals.

Shown with optional Tie Bar and Bedding Saver
