## Steel Make-A-Gate

### J&D is your gate headquarters!

After the huge success of our Fiberglass Make-A-Gate, J&D Manufacturing has added Steel Make-A-Gates to our product line. It's now easier than ever to get a perfect fit every time. Simply cut the horizontal tubing to the desired length and weld or bolt on the vertical support bar. No need to wait for custom fit gates.

Save 20-25% compared to custom gates

Cut to length on the job site for a perfect fit!

Part#	Description
