Switch Ball™

- Designed for safety and performance
- No tools required
- No attachment pin to remove
- More time for recreation, less time in preparation

Slide

Twist

Tow

- Constructed from premium grade steel with nickel-chrome plating for long life.
- Switch~Ball™ is guaranteed for life against defects in manufacturing.
- Switch~Ball™ complies with National Standard SAE-J684 and V-5 Regulations for conversion ball sets.
- The exclusive 'J' Groove design ensures that when the ball is installed on the shank and engaged by a coupler, the hitching system is secure and has been proven safe through independent testing.
- Designed so the weight bearing capacity is resting on the shank taking the stress away from the ball freeing the coupler from friction and binding, providing smoother and safer towing.
- US Patent #5,169,168 Canadian Patent #1,325,445.
- Replacement parts available

No pins

No tools or coins required

Slide down, over, up, and then twist
Guide pin inside of the ball slides easily along the shaft groove to lock the ball securely in place
